

FAQ'S | *Packaging and Recycling*

RECYCLING YOUR MEAL PACKAGING

Clear Meal Trays

Our meal trays are fully recyclable and can go right into your recycling bin. Our trays are a sustainable option as they are primarily made from recycled plastic, plastic bottles, and other sources which reduce carbon emissions by 50%.

Plastic Shopping Bag

These bags are fully recyclable as well. They are made of high-density polyethylene which is one of the most recycled plastics. Our bags are also perfect to be reused since they are sturdy and easy to handle, feel free to use them any way you see fit!

RECYCLING INFORMATION FOR SHIP-TO-HOME CUSTOMERS

Shipping Box

All of our corrugated boxes are made from partially recycled cardboard and are curbside recyclable.

Ice Packs

Our ice packs are non-toxic and reusable. They can be easily rinsed off and reused. To dispose of the ice packs, simply cut open the film, throw the contents in the trash, and recycle the outer film where you recycle your plastic bags.

Box Insulation

Our paper insulation is fully recyclable and can go directly into your curbside recycling.
